

## Criteria

Criteria – There are three criteria for funding which are intended to fund services that address well-documented, critical unmet needs while encouraging innovation and being available for changing needs in the community. Those three criteria are:

- \* The program should address a previously identified priority for social services funds (as indicated in the SCAN or other community-wide survey of social services needs);
- \* The funds should provide a one-time investment that, through matching funds or other fiscal leveraging, make a significant contribution to the program; and
- \* This investment should lead to broad and long-lasting benefits to the community.

1. These criteria and the program policy statement provide clear guidance on funding decisions?

3. My agency sought funds for:

Salaries or operational expenses  
Equipment  
Capital improvements

4. The one-time funding requirement distinguishes this funding source from other local funding sources and provides a useful niche for social services funding requests.

## Schedule and Reimbursement Procedures

### **Funding Cycle**

This program usually begins with solicitations in March and April, funding deliberations in May, and Council action in June. Agencies then, typically, have the remainder of the year to seek reimbursement of funds under the grant.

8. It would benefit your agency for the funding cycle to begin earlier in the year.

9. Is there an optimum time of year for your agency to seek and receive these funds?

### **Reimbursement**

The funds under these grants are only released after the agency has provided proof of the expenditure or obligation to pay. This method of payment provides prompt verification of compliance with the funding agreement and is consistent with the method used by other City social services programs.

10. The reimbursement requirement does not put undue obstacles in the way of the agency fulfilling its mission.

Strongly Agree <input type="checkbox"/>	Agree <input type="checkbox"/>	Not Sure <input type="checkbox"/>	Disagree <input type="checkbox"/>	Strongly Disagree <input type="checkbox"/>

## Committee Deliberations

The Committee meets three times before making its recommendations to the Council. At the first meeting the Committee discusses the applications, decides which will be given further consideration, and raises questions for presenters to answer at the next meeting. At the second meeting agencies make short presentations to the Committee and answer questions from its members. And, at the last meeting, the Committee has rated the applications and makes recommendations regarding allocations.

19. The committee treated agencies in a fair and even-handed manner.
